

TATA INSTITUTE OF SOCIAL SCIENCES
V.N. Purav Marg, Deonar, Mumbai 400 088
(A Deemed University under Section 3 of the UGC Act, 1956)

TISS/ADVT/ACAD/JTSDS/January 2018

Required Assistant Professors (Three Posts) for JTSDS

Tata Institute of Social Sciences (TISS) which was established in 1936 is a Deemed University fully funded by the University Grants Commission (UGC), Government of India. TISS offers over 50 Masters' Degree Programmes from in a range of socially relevant inter-disciplinary areas of Social Work, Social Sciences, Health, Management, Labour Studies, Habitat Studies and Rural Development from its Mumbai, Tuljapur, Guwahati and Hyderabad Campuses. It has a strong M.Phil./Ph.D. Programme. A high degree of freedom and autonomy shape the positive work ethos and creativity in the Institute. TISS offers a very challenging but fulfilling academic environment and opportunities to scholars committed to creating a just society through education, generation of knowledge and field action.

The Jamsetji Tata School of Disaster Studies (JTSDS) of the Institute requires two positions of Assistant Professors for its centres located within it to be filled in on contract basis for one year, renewable, based on performance.

Centre for Geo-Informatics (GIS): (Assistant Professor One post)

The Centre for Geo-Informatics strives for excellence in education and focuses on land and water resources, urban studies, public health and policy studies, especially those relevant to Disaster Studies. It has lab facilities with digital image processing, GIS softwares, and provides services to other Schools and Centres.

JOB PROFILE

The incumbent would also be required to teach at the Masters' and MPhil programmes in Disaster Management offered by the School, or other online programmes based on needs of the School, which incorporate aspects of GIS and remote sensing. Besides teaching, ability to guide MPhil and Doctoral students will be an asset. The job also requires familiarity with working in multidisciplinary teams and willingness to perform routine administrative duties in an academic system. The School has a tradition of engaging in outreach work pre and post disasters and the incumbent should be able to lead student teams to disaster sites or work on hazard, risk and vulnerability analysis within the broad domain of disaster studies.

Selected candidate will be expected to support the work of the GIS lab which operates under the Chairperson of the Centre for GIS. The Centre is moving rapidly towards offering its own Masters programme and the incumbent would be expected to contribute towards forging synergies between science and technology and social sciences. The selected candidate would be required to undertake regular enrichment of ongoing course content to ensure that the Centre and its programmes and courses are world class, comparable to global quality standards.

Centre for Disaster Management: (Assistant Professor two posts)

The Centre for Disaster Management strives for excellence in education and focuses on advancement in knowledge in Disaster Studies and promotion of positive practices in the

broad domain of disaster management. The Centre works on diverse themes such as PDNA, eco-system management, habitat planning, psycho-social care, humanitarian logistics, public health and so on.
