Project positions at Labour Market Research Facility (LMRF), School of Management and Labour Studies

The Tata Institute of Social Sciences (TISS) was established in 1936 and was awarded the 'Deemed to be University' status in 1964. TISS is fully funded by the University Grants Commission, Government of India and operates from its main campus in Mumbai, and the off campuses at Tuljapur, Guwahati and Hyderabad. Currently the Institute offers 52 Masters' Degree programmes and 18 M. Phil. and Ph. D. programmes in a range of socially relevant interdisciplinary areas of Social Work, Social Sciences, Education, Public Policy, Public Health, Human Resource Management, Labour Studies, Media and Culture, Applied Psychology, Disaster Studies, and Habitat Studies. B.A. degree programs in Social Sciences and Social Work are also offered from its off-campus. A high degree of freedom and autonomy shape the positive work ethos and culture of the Institute facilitating strong linkages between teaching, research, field action and dissemination. The Institute provides significant space and resources for basic and policy research and nurtures multiple research collaborations with some of the best universities and institutions across the globe. TISS provides work opportunities to scholars committed to creating a just society through education, generation of knowledge and field action.

About Labour Market Research Facility (LMRF):

The Labour Market Research Facility (LMRF) is a think tank that specializes in macro and micro labour market, household sample surveys, working and living condition surveys and macro labour market analysis. LMRF is fast emerging as one of the top think tanks in household survey, large sample survey, working and living conditions surveys, urban planning, skill development, and labour market research. It also closely works with other academic institutions government agencies and corporate organizations for conducting research projects .
