About School of Vocational Education (SVE)

The approach adopted by TISS-SVE is called the 'Internship Embedded Skill Training Programme'. The Vocational Educational Programme is being implemented for the first time in India with a focus on job-specific skills rather than providing only a broad knowledge based education. The aim of this 'Earn While You Learn Model' is to enable the students to learn the skill by engaging in internship at real shop floor of the industry/company along with theory training in the classroom. Through this model, the student may also earn a modest stipend during internship of the course. Although, stipend is not mandatory for the Skill Knowledge Providers, TISS-SVE strongly encourages Skill Knowledge Providers (SKPs) to adopt this practice.
