Online Education

1. Does all programs/courses were completed on time.  Yes

2. Measures taken to complete the syllabus of courses and programs.
   Course completion end date was extended by two-three weeks in almost all courses to enable participants to complete the courses. Since we had in-service teachers and teacher educators and education administrators as learners, they had exam duties, additional learning loss recovery classes and even election duties, so we had to extend this support. We also held additional counselling sessions (online classes) for the teachers during the course duration and reached out in person (through phone calls and mails) to resolve doubts and queries. The theory classes were followed by practical sessions, thus making them more interactive and interesting. Though it was a challenge to carry on with practical sessions online, but teachers developed their delivery skills by improving upon their methods. Since we had already completed one batch in fully online mode because of Covid 19 restrictions, it was easy to adopt to fully online mode, replacing even physical contact classes with Online sessions.

3. The period of delay in completion of syllabus (in months).  0

4. The period of delay in conducting exams (in months).  0
