

UPDATE ON TISS/UNODC Conference

Thank you for your interest in participating in our conference on “Access to Justice to End Violence”, which was scheduled to be held in Mumbai on 1-2 June of this year. Given the continued disruption to travel posed by the COVID-19 pandemic we are currently considering a range of options, including the possibility of convening an online conference.

Thank you for your continued interest. We will be in touch with further information once this is available.
